# About

Crisp Catering launched on the island of Ibiza in 2012 and has since become one of the most highly regarded private event caterers on the island.

With simple, seasonal and locally sourced ingredients cooked under the expertise of Chef Nicolas Barnett, he and his team are able to create the perfect dining experience to match any occasion.

To accompany the food, Crisp Catering have in-house wine sommeliers on hand ready to pair any meal with the perfect bottle of wine.
